

# Durability modification application

## Section 67 of the New Zealand Building Act 2004

Site address			
Owner		Telephone	
Agent/ contact		Telephone	
Building consent number			

I \_\_\_\_\_ request that Council grant a modification in accordance with section 67 of the Building Act 2004 to the above building consent to modify the start date for durability requirements of the NZ Building Code clause B2 for building works undertaken under the building consent from a practical completion date of \_\_\_\_\_ instead of from the time the code compliance certificate is issued.

It is understood that the durability timeframe for building elements typically starts from the issuance of the code compliance certificate, will be modified to start from the above practical completion date.

Signed by owner or on behalf of the owner	
Date	
This application is made under s45(4)(b) in that the original building consent application made in accordance with prescribed form 2, and this application has been made for consideration of modifications under s48,49,50 and 51.
