1

Key Messages

Resident satisfaction and perceptions of service in Winton Wallacetown are very much in line with those of the Southland district as a whole.

Indications of areas where residents were more positive:

- The beautification or overall appearance of the area, the reserves, parks, sportsfields and playgrounds
- The taste of Council supplied water

Indications of areas where improvements could be made:

- Readership levels of First Edition
- Awareness of Council provided grants

Residents in Winton Wallacetown identified key priority areas for Council action as:

- Rooding,
- Cycle trails; and
- Improving Council services.

2

Research Design

2.1 Context

Southland District Council regularly commissions a survey of residents to gather feedback about services the Council offers and how well residents think those services are being provided. The previous survey took place in 2014 and this report presents findings for the Winton Wallacetown Ward from the 2017 survey. Results for the Southland District as a whole have been provided to Council in a separate report.

This survey is one tool that the Council uses to gauge whether the projects, programmes or changes it makes alter residents' perceptions about the services. The survey also offers an opportunity to assess how residents feel about the district and the opportunities it provides.

The key service areas tested in the 2017 residents' survey were:

- Council facilities and services
- Contacting the Council
- Information services and consultation
- Organisational performance

2.2 Method

The 2017 residents survey was predominantly conducted by landline phone. An online channel for the survey was also introduced in 2017. The online completion option is important as it helps to minimise non-response error by increasing the response rate.

542 telephone interviews were completed overall and an additional 66 residents completed the survey online.

141 Winton Wallacetown residents completed the survey: 134 by telephone interview and 7 online.

Error margins for the sample are shown in the table below. The Winton Wallacetown sample of 141 residents is accurate to +/-8.3% at the 95% confidence level (if 50% of respondents stated they were satisfied with a council facility then we could be 95% sure that between 41.7% and 58.3% of the entire population also feel this way).

	Number of respondents	Error margin ¹
Mararoa/Waimea	133	+/-8.5
Waiau/Aparima	145	+/-8.1
Winton/Wallacetown	141	+/-8.3
Waihopai/Toetoes	134	+/-8.5
Stewart Island/Rakiura	41	+/-15.3
Invercargill (SDC ratepayer) / Other	14	+/-26.2
Total	608	+/-4.0

Appendix two shows the demographic profile of respondents.

The questionnaire was redesigned for 2017 to increase the ease of completion for respondents and to increase the quality of the data collected. A number of questions and question scales have been kept consistent to allow for trend analysis.

Responses for 4-point scale satisfaction questions have been grouped as follows:

On a scale of 1-4 where 4 is very satisfied and 1 is very dissatisfied, how satisfied are you with the following aspects of Council services or facilities?

Very satisfied	Satisfied	Dissatisfied	Very dissatisfied	Don't know / N/A
4	3	2	1	Excluded
Satisfied (4 & 3)		Dissatisfied (2 & 1)		

1. Error margins are shown at the 95% confidence level

3

Council Facilities and Services

3.1 Levels of Satisfaction

- Proportions of Winton Wallacetown residents satisfied with Council facilities and services were in line with perceptions of the district's residents as a whole.

	Total satisfied Southland District	Total satisfied Winton Wallacetown	Very dissatisfied	Dissatisfied	Satisfied	Very Satisfied
The appearance of Council maintained cemeteries	94%	95%	1%	4%	56%	40%
Dog control	78%	79%	6%	15%	49%	30%

Lights not working/ blocked	6	0
Need lighting improvements	4	0
Not good/ could be better	2	0
Don't know/No reason given	3	0
Total	35	5

5

Sewage Systems

- 46% of Winton Wallacetown residents stated that their property was connected to one of the district's sewage systems.
- Of these 65 residents, 100% were satisfied with the sewage service over the last 12 months. No reasons for dissatisfaction were given.
- Caution should be applied to findings in this section. The sample size is low and therefore the error margin applied to results is higher. However, the results did indicate that satisfaction levels are in line with the district as a whole.

Total Satisfied Southland District	Total Satisfied Winton Wallacetown	Very dissatisfied	Dissatisfied	Satisfied	Very satisfied
96%	100%	0%	0%	32%	68%

6

Water Supply

Residents who used a town water supply or a rural water scheme rated their satisfaction with aspects of the water supply over the last 12 months.

37% of Winton Wallacetown residents used Council supplied water (n=52).

Caution should be applied to findings in this section. The sample size is low and therefore the error margin applied to results is higher. However, the results did indicate:

- Slightly higher levels of satisfaction with the taste of water when compared with the district as a whole (the difference is not significant but an indicator of perceptions).

	Total satisfied Southland District	Total satisfied Winton Wallacetown	Very dissatisfied	Dissatisfied	Satisfied	Very Satisfied
Taste of water	72%	81%	10%	8%	56%	25%
Odour of water	82%	82%	6%	12%	42%	40%

Facilities too small/ crowded	2	0
Outdated/ needs upgrading	2	1
Not enough libraries	1	0
Total	5	1

9

Consultation and Community Assistance

- 67% of Winton Wallacetown residents stated that they had read at least one issue of the Council's newsletter First Edition in the past year. This indicates lower readership when compared with all Southland residents (75%) However, small sample sizes mean results are not conclusive.
- 64% of Winton Wallacetown residents were aware that the Council provides a variety of different grants (for community projects, sports teams and rural travel). This indicates slightly lower awareness when compared with 70% at a district level.
- Satisfaction with being kept informed and levels of consultation are comparable with the district as a whole when the error margins are taken into consideration.

	Total satisfied Southland District	Total satisfied Winton Wallacetown	Very dissatisfied	Dissatisfied	Satisfied	Very Satisfied
How well you have been kept informed of Council activities over the past year	82%	86%	2%	12%	66%	20%
The level of consultation with the community, undertaken by Council, over important issues.	69%	77%	5%	18%	58%	19%

Reasons for dissatisfaction
