1

Key Messages

In general, resident satisfaction and perceptions of service in Waiau Aparima are in line with those of the Southland district as a whole.

Indications of areas where Waiau Aparima residents were more positive:

- Solid waste services
- Locations of public toilets

Indications of areas where improvements could be made:

- Council supplied water, particularly taste and clarity
- Proportion satisfied that the nearest local halls/community centres meet community needs

Residents in Waiau Aparima identified key priority areas for Council action as:

- Roothing,
- Water and waterways; and
- Cycle trails.

2

Research Design

2.1 Context

Southland District Council regularly commissions a survey of residents to gather feedback about services the Council offers and how well residents think those services are being provided. The previous survey took place in 2014 and this report presents findings for the Waiau Aparima Ward from the 2017 survey. Results for the Southland District as a whole have been provided to Council in a separate report.

This survey is one tool that the Council uses to gauge whether the projects, programmes or changes it makes alter residents' perceptions about the services. The survey also offers an opportunity to assess how residents feel about the district and the opportunities it provides.

The key service areas tested in the 2017 residents' survey were:

- Council facilities and services
- Contacting the Council
- Information services and consultation
- Organisational performance

2.2 Method

The 2017 residents survey was predominantly conducted by landline phone. An online channel for the survey was also introduced in 2017. The online completion option is important as it helps to minimise non-response error by increasing the response rate.

542 telephone interviews were completed overall and an additional 66 residents completed the survey online.

145 Waiiau Aparima residents completed the survey: 129 by telephone interview and 16 online.

Error margins for the sample are shown in the table below. The Waiiau Aparima sample of 145 residents is accurate to +/-8.1% at the 95% confidence level (if 50% of respondents stated they were satisfied with a council facility then we could be 95% sure that between 41.9% and 58.1% of the entire population also feel this way).

	Number of respondents	Error margin ¹
Mararoa/Waimea	133	+/-8.5
Waiiau/Aparima	145	+/-8.1
Winton/Wallacetown	141	+/-8.3
Waihopai/Toetoes	134	+/-8.5
Stewart Island/Rakiura	41	+/-15.3
Invercargill (SDC ratepayer) / Other	14	+/-26.2
Total	608	+/-4.0

Appendix two shows the demographic profile of respondents.

The questionnaire was redesigned for 2017 to increase the ease of completion for respondents and to increase the quality of the data collected. A number of questions and question scales have been kept consistent to allow for trend analysis.

Responses for 4-point scale satisfaction questions have been grouped as follows:

On a scale of 1-4 where 4 is very satisfied and 1 is very dissatisfied, how satisfied are you with the following aspects of Council services or facilities?

Very satisfied	Satisfied	Dissatisfied	Very dissatisfied	Don't know / N/A
4	3	2	1	Excluded
Satisfied (4 & 3)		Dissatisfied (2 & 1)		

1. Error margins are shown at the 95% confidence level

3

Council Facilities and Services

3.1 Levels of Satisfaction

- Lower proportions of Waiau Aparima residents were satisfied that community halls meet their needs when compared with other Wards and the district as a whole. Analysis of reasons for dissatisfaction indicates that higher numbers of residents in this ward do not have a hall nearby.
- Higher proportions were satisfied with solid waste services when compared with the district as a whole, particularly regarding the location of recycling centres.
- Higher proportions were satisfied with the locations of public toilets.
- In other service areas, residents' views were in line with those of the district as a whole.

	Total satisfied Southland District	Total satisfied Waiau Aparima	Very dissatisfied	Dissatisfied	Satisfied	Very Satisfied
The appearance of Council maintained cemeteries	94%	97%	1%	2%	48%	48%

Too dim	9	1
Lights not working/ blocked	6	0
Need lighting improvements	4	1
Not good/ could be better	2	1
Don't know/No reason given	3	2
Total	35	11

5

Sewage Systems

- 54% of Waiau Aparima residents stated that their property was connected to one of the district's sewage systems.
- Of these 79 residents, 97% were satisfied with the sewage service over the last 12 months.
- Caution should be applied to findings in this section. The sample size is low and therefore the error margin applied to results is higher. However, the results did indicate satisfaction levels are in line with the district as a whole.

Total Satisfied Southland District	Total Satisfied Waiau Aparima	Very dissatisfied	Dissatisfied	Satisfied	Very satisfied
96%	97%	0%	3%	29%	68%

Reasons for dissatisfaction

	Number of respondents Southland District	Number of respondents Waiau Aparima
Smelly	7	1
Issues with Council	3	0
Blockages	2	1
Needs upgrading	2	0
Cost associated with upgrades	2	0
Total	13	2

6

Water Supply

Residents who used a town water supply or a rural water scheme rated their satisfaction with aspects of the water supply over the last 12 months.

59% of Waiau Aparima residents used Council supplied water (n=86). This is a higher proportion than in other Southland wards.

Caution should be applied to findings in this section. The sample size is low and therefore the error margin applied to results is higher. However, the results did indicate:

- Lower levels of satisfaction with the taste and clarity of water as well as the overall quality of Council supplied water; and
- Lower proportions of residents were 'very satisfied' with the odour of water though the total satisfied is not significantly different from that of the district as a whole.

	Total satisfied Southland District	Total satisfied Waiau Aparima	Very dissatisfied	Dissatisfied	Satisfied	Very Satisfied
Taste of water	72%	60%	12%	28%	41%	18%
Odour of water	82%	75%	5%	20%	56%	19%

Unhappy with pressure	2	0
Total	22	15

7

District Support

- Satisfaction levels with contacting the Council are high and in line with other wards and the district as a whole.
- The preferred method of contact with the Council for Waiau Aparima residents was by phone. Higher proportions of residents in this area also favoured visits to the Council Office.
- The Council website and personal contact with Council staff were the preferred ways to get information.

	Total satisfied Southland District	Total satisfied Waiau Aparima	Very dissatisfied	Dissatisfied	Satisfied	Very Satisfied
The hours of operation of SDC offices	97%	98%	0%	2%	52%	46%
Your contact with SDC by phone	95%	98%	1%	1%	51%	47%
Your contact with SDC by visiting an office	95%	97%	1%	2%	48%	49%

How could the Council improve contact

	Number of respondents Southland District	Number of respondents Waiau Aparima
Expanded opening hours	16	1
